

Utllysning av stipendier vid Fysikum.

Summary in English for PhD students

This is an announcement of stipends, mainly for travel, from three different foundations. Applications should be handed in no later than November 2nd, 2018 to Lisa Vällivainio, rum B4:1001, AlbaNova (or by email: sign, scan and send). Note the relevant foundation(s) in your application.

The three foundations are:

**Birger och Gurli Grundströms forskarstipendiefond i fysik,
företädesvis experimentell fysik vid Stockholms universitet**

Available: SEK 39 800

Priority to PhD students in experimental physics.

Fonden till befrämjande av fysisk forskning

Available SEK 21 000

Kyltekniska fonden

Available: SEK 49 000

Priority to PhD students in experimental physics.

The application should contain:

Purpose of the stipend and a cost estimate. There is no specific application form.

Principles

PhD students who have already received a grant from any of these three foundations have lower priority.
