

cphRNA 2014: Summer School in RNA Bioinformatics

June 23rd to June 28th, 2014 in Copenhagen, Denmark

3rd announcement

Registration deadline: June 11th 2014

Priority given to applications received by May 30th 2014

Course Price: 3500 DKK. 5 ECTS

<http://rth.dk/cphrna2014>

cphrna2014@rth.dk

Organizers

Jan Gorodkin

Anders Krogh

Christopher Workman

Jakob Skou Pedersen

Jeppe Vinther

Henrik Nielsen

Jakob Hull Havgaard

Symposium Speakers (June 27th)

Roderic Guigó, CRG, Barcelona

Jørgen Kjems, Aarhus University

Quaid Morris, The Donnelly Centre, Toronto

Nikolaus Rajewsky, MDC, Berlin

Renée Schroeder, MF. Perutz Lab, Uni Vienna

Invited summer school contributors

Rolf Backofen, University of Freiburg

Ivo L Hofacker, University of Vienna

Lars Juhl Jensen, CPR, University of Copenhagen

Peter F Stadler, University of Leipzig

Topics include:

RNA folding in single and multiple aligned sequences; Simultaneous folding and alignment of RNA; RNA-RNA interactions; RNA-protein interactions; Annotation and prediction of structured; RNA in genomic sequence; siRNA design; RNA systems biology

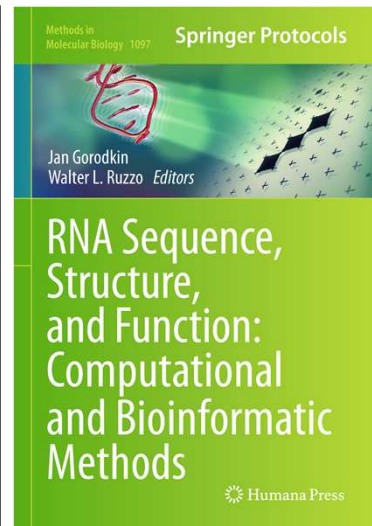

Poster Session, Friday, June 27th, 2014

Book discount of 20% for registered participants:

The summer school covers a fraction of the chapters in *RNA Sequence, Structure, and Function: Computational and Bioinformatic Methods*.

Gorodkin & Ruzzo, editors. Methods in Molecular Biology series.
