

Associate/Full Professorship in Bioinformatics

Our vibrant Section for Computational and RNA Biology at University of Copenhagen is looking for a new colleague to develop and lead research and be the Head of Studies in Bioinformatics.

See the link to the full formal announcement [here](#). The position starts November 1, 2022 or as soon as possible thereafter. You are expected to lead an externally funded research programme in biological data sciences/bioinformatics. You also play a vital role as Head of Studies for Bioinformatics and the development and start of the new BSc study programme (in Danish), and later revision of the existing MSc programme. It is a benefit if you speak one or more of the Nordic languages, preferentially Danish.

If you want to know more, please contact our Head of Department, Professor Niels Kroer and/or Head of Section, Associate Professor Jeppe Vinther. Deadline for applications is 20th April 2022 at 23:59 GMT +2. We will conduct interviews on September 2, 2022.
